Staff Reports:
Finance Manager, Becky Phillips, discussed the financial reports and outlined HOSWWA’s revenues and expenses for November. She explained tenant charges had increased due to numerous smoking fines at our apartment complexes. Vacancies are still very low, HOSWWA had a negative balance in training because of the reimbursement for training provided by HARRP that has not been paid to the trainer as of yet. TBRA were under spent, and tenant services were over spent and port-outs are less than anticipated. HOSWWA is currently having a difficult time using the Pacific County TBRA grants and they were exploring other avenues. Furthermore, HOSWWA has absorbed several Kelso port-ins who in turn absorbed our port-outs. This causes HOSWWA to be under budget in our port-outs. Director of Community Service, Jon Dieter noted HOSWWA had served more VA clients than anticipated therefore the increase in tenant services.

Commissioner Fischer asked for a report on the Phoenix House grant awarded by the County. Asset Manager Bonus discussed the work that would be done.
Commissioner Fischer moved to approve the financial report as presented. Commissioner Bennett seconded the motion. There was no further discussion. The motion passed unanimously.

CONSENT AGENDA:
Commissioner Fischer moved to approve the Consent Agenda as presented. Vice Chair Brigham seconded the motion. There was no further discussion. Motion passed unanimously.

CHAIRMAN AND SECRETARY REPORTS:
- Chairman Nolte discussed the recent Longview City Council Meeting held on December 7th regarding the publicity shed on HOSWWA and the public comments that were addressed to the council.
- Chairman Nolte discussed the recent proposal of the federal corporate tax plan. The plan will deliver a significant tax cut for corporations to 20%, which could have a negative impact on investor’s willingness to participate in the Low Income Housing Tax Credit program which is one of the main financial tools for the development and rehabilitation of affordable housing. Chairman Nolte also touched on the good news the state has received regarding the Medicaid benefit for Permanent Supportive Housing, which serves a narrow population. The Washington Low Income Housing Alliance advocated strongly for this funding. He also stressed the need to continue advocacy for passage of the state Capital Budget that includes funding for the Housing Trust Fund.
- Chairman Nolte updated the Board on Tulip Valley’s holiday gathering last weekend. There was a local conflicting event, which impacted participation, however those who did participate enjoyed the event.
- Secretary Pegg discussed a letter to the editor in the Daily News that indicated HOSWWA did not want to pay prevailing wages for development of affordable housing. The agency always pays the greater of state prevailing wage or Davis Bacon when developing housing; however, it would be helpful to have residential prevailing wage applied to affordable housing even when it includes a small amount of commercial space.
- Secretary Pegg notified the Board of Commissioners of the upcoming City Council meeting this Thursday, December 21, 2017 at 5:30 pm. Appointment of the new board member is on the agenda.
- Secretary Pegg informed the Board that HOSWWA was awarded $85k for the FSS program for 2018.

UNFINISHED BUSINESS:

BOARD DISCUSSION/ACTION: Update on Cowlitz County Youth Outreach Center
Jon Dieter updated the board on behalf of Tynna Purtteman who was unable to attend due to an emergency. He discussed work to establish the adjacent house as an emergency warming shelter for underage youth. This was a suggestion from Longview City Council member Moon during a recent discussion with CEO Pegg. Ms. Purtteman has applied for the necessary license through DSHS and is currently waiting for a response. The shelter would need 1 volunteer and 1 staff member to operate. The
The project would involve operating costs and some minor modification to the house, and staff is looking for a source of funding to cover these. The shelter would host unaccompanied youth ages 12-21 during certain hours at night under extreme weather conditions. Secretary Pegg noted Janus staff is seeking donations for the youth to fill 21 stockings and host a small holiday gathering. Donations can be dropped off at the main Administrative office.

BOARD DISCUSSION/ACTION: Follow up discussion with Mayor Jensen on the recent Council Meeting.
Mayor Jensen was unable to attend. Secretary Pegg discussed the recent events surrounding HOSWWA and Longview City Council’s attempt to have HOSWWA’s Board of Commissioners resign en masse for “inefficiencies”. This attention has negatively affected staff and the extra work needed due to multiple requests for information from Council members is taking up a large amount of staff time. Commissioners discussed their concerns about the impact of this continued impasse on development of new housing. They also discussed serving outside counties, that it is not a weakness serving outside Longview, but a strength. It provides additional funding needed to hire experienced, qualified staff for development of new housing and creative programs to serve the entire jurisdiction. Commissioner Ostermiller asked CEO Pegg to contact City Manager Campbell to request that a mediator help manage the dialogue between Longview’s City Council and HOSWWA and that questions from the Council be received by HOSWWA at least 10 days in advance of the January 2018 workshop. Chairman Nolte also requested that a list of alleged “inefficiencies” be provided to the Board by the City Council.
